AMENDMENTS TO THE CLAIMS

The following listing of claims replaces all prior versions and listings of claims in the application.

Listing of Claims:

1. (Previously Presented) A polymeric foam tube for pipe insulations, comprising:

an external surface; and

an internal surface being provided with an adhesively bonded additional layer,

said additional layer being a layer of fibers which:

- comprise a material having a melt temperature that is higher than that of

the polymeric foam,

are adhesively bonded to the internal surface such as to stand up from the

internal surface,

- are substantially uniformly distributed over the internal surface providing a

surface coverage of 2 to 20 percent, and

- have a linear density of 0.5 to 25 dtex and a length of 0.2 to 5 mm.

2. (Previously Presented) A polymeric foam tube according to claim 1, wherein the

fibers extend substantially in a radial direction from the internal surface.

3. (Previously Presented) A polymeric foam tube according to claim 1, wherein the

fibers are polymeric fibers.

4. (Cancelled)
